Professional Summary

Full-stack web developer with expertise in building scalable, user-friendly web applications using HTML, CSS, JavaScript, PHP, and Python. Proficient in designing responsive interfaces, optimizing database performance, and integrating APIs. Adept at leveraging AI and NLP for innovative solutions. Seeking opportunities to contribute technical skills and collaborative mindset to dynamic projects.

Education

Bachelor of Science in Computer Science	June 2025
Khwaja Fareed University of Engineering & IT (KFUEIT), Rahim Yar Khan, Pakistan	
F.Sc. (Pre-Medical)	2019–2021
Govt. Khawaja Fareed Graduate College, Rahim Yar Khan, Pakistan	

Technical Skills

- **Programming:** Python, JavaScript, PHP, HTML5, CSS3
- **Frameworks & Libraries:** WordPress, pandas, NumPy, Seaborn, Matplotlib, spaCy, Scikit-learn, Streamlit, PyMuPDF
- **Databases:** MySQL, Microsoft Access, SQL Server
- **Tools:** Git, GitHub, VS Code, Visual Studio, Jupyter Notebook, AJAX
- **Skills:** Responsive Web Design, Database Management, API Integration, UI/UX Design

Project Experience

EduCareer: AI-Powered Career Assistant	Mar–Apr 2025
<i>Python, Streamlit, Skill2Vec, spaCy, PyMuPDF, Scikit-learn</i>	

- Developed an AI-driven dashboard to parse resumes and extract skills using NLP techniques.
- Implemented Skill2Vec embeddings for semantic job-skill matching, improving job recommendation accuracy.
- Designed personalized learning path recommendations based on user career goals and skill gaps.
- Hosted project on GitHub for version control and collaboration.

My Tailor E-commerce Platform	2024
<i>HTML, CSS, JavaScript, PHP</i>	

- Built a responsive e-commerce platform with secure user authentication and product catalog management.
- Implemented filtering, sorting, and search functionalities to enhance user experience.
- Integrated shopping cart and inventory management systems for efficient order processing.
- Ensured cross-device compatibility through responsive design principles.

Jewelry Shop E-commerce Website

2024

HTML, CSS, JavaScript, PHP

- Created a scalable e-commerce platform with secure payment gateway integration.
- Developed an admin dashboard for inventory control and sales analytics, optimizing business operations.
- Enhanced database performance through optimized MySQL queries.
- Designed user-friendly account management features for seamless customer interaction.

ATM Machine Dashboard

Jan 2024

HTML, CSS, JavaScript, PHP, MySQL

- Engineered an interactive banking interface with real-time transaction processing.
- Implemented CRUD operations and secure role-based authentication for user account management.
- Utilized AJAX for seamless client-server communication, minimizing page reloads.
- Ensured data security through robust authentication protocols.

Islamic Audio Player Website

2024

HTML, CSS, JavaScript

- Designed an accessible audio streaming platform with custom media controls and playlist functionality.
- Implemented search and favorites features to enhance user engagement.
- Optimized audio streaming for variable network conditions and enabled offline listening via browser storage.
- Ensured accessibility compliance for broader user reach.

Certifications

- | | |
|----------------------------------|----------|
| • WordPress Training, DigiSkills | Oct 2022 |
| • Graphic Designing, DigiSkills | Jun 2023 |
| • Digital Marketing, DigiSkills | Oct 2023 |

Additional Skills

- Strong problem-solving and analytical skills
- Excellent teamwork and collaboration abilities
- Effective time management and project planning
- Detail-oriented with a commitment to quality
- Eager to learn new technologies and methodologies
